Eco Solar Tower Light

Portable Solar Lighting Tower

Flexible, efficient and fully portable, Eco Solar Tower light is powered from 100% renewable solar energy and provides an ideal and environmentally friendly lighting solution suitable to any site.

Four solar panels charge a sealed battery pack to offer 8 hours of lighting, 7 days a week in spring, summer and autumn and 5 days a week in winter.

Panels mounted on top of the unit allow easy access and operation and can be manually adjusted to maximise available sunlight for optimal energy production and utilisation.

Features & Benefits

- 2400 sq m of illuminated space guaranteed
- 8m vertical mast with wind stability of up to 22.5 m/s
- Day/night sensor controlled for automatic light operation and to avoid battery drain during the day
- AMOSS mast safety system
- 4 x 100W adjustable LED floodlights providing instant bright lights with no wait time
- Onboard levels for guidance during stabilization
- 340° rotatable head
- Remote energy management and reporting
- Timers option if light is not required to be on for the full night
